

Who should attend the workshops?

- Growers
- Managers for integrators
- Producers
- Veterinarians
- Allied industry (feed, equipment, consultants, genetics, etc.)

COVID-19. We are prioritizing the health and safety of Iowans and are following the most current federal, state, local, and university COVID-19 guidelines. Visit <https://www.extension.iastate.edu/vp/open-iowa> to learn our protocols to keep Iowans healthy and safe.

Participants are mandated to wear a cloth face covering when in the presence of others and unable to maintain a six-foot physical distance.

WORKSHOPS

The swine ventilation workshops offer attendees a mechanism to develop a progressively deeper understanding of ventilation system management and troubleshooting to create an environment for healthy and efficient pig growth. This program uses both classroom sessions and hands-on activities to demonstrate the critical points to optimize pig growth and efficiencies in a sustainable way.
