

Pesticide Calibration & Safety Workshop

Clemson Extension Agents and Specialists are offering a Pesticide Sprayer/Spreader Calibration and Safety Workshop in Conway on October 5th, 2017. This daylong hands-on workshop will teach proper calibration techniques for a variety of common pesticide and fertilizer application equipment, as well as pest and weed identification, and IPM practices. Registration will include lunch, training materials, and six (6) pesticide recertification credits (3 each of core and category 3 credits) for SC applicators.

Training is limited to the first 60 paid registrants.

Register Online:

https://secure.touchnet.net/C20569_ustores/web/product_detail.jsp?PRODUCTID=2825&SINGLESTORE=true

Preregistration is required by Friday Sept 29th.
